

Design workshop

Have a Qualifio designer at your office

Don't have in-house designers to help you on the design aspect of your campaigns? Have a member of the Qualifio Studio Webdesign team at your office to dress up your upcoming campaigns.

We can help you with:

- Layout of your campaigns
- Publication of your campaigns
- Creation of campaign templates
- Creation of mini-site templates

How we do this:

A Qualifio designer comes to your office and creates the designs for your Qualifio campaigns together with you.

1. Idea:

You do a brainstorm with your team to come up with your campaign idea.

2. Briefing:

You prepare the briefings for our designer, so he gets a clear view of how your ideal campaign would look like and align on the planning of the workshop.

3. Result:

Our designer comes to your offices and creates your designs in your company branded lay-out.
