MICKEY'S MAIN STREET COOKIE

Taste the magic with this (top secret) recipe straight from the *Cookie Kitchen on Main Street, U.S.A.*®.

Ingredients:

250g all-purpose flour
125g unsalted butter, softened
100g brown sugar
50g white sugar
1 whole egg
1 teaspoon vanilla extract
1/2 teaspoon salt
150g milk chocolate pieces
2 round cookie cutters
(one large, about 6cm and
one small, about 2cm)

Instructions:

In a large bowl, mix the softened butter with both sugars until creamy. Add the egg and vanilla extract and mix well. In another bowl, sift together the flour and salt. Gradually combine the flour mixture with the butter mixture. Add the milk chocolate pieces and mix gently. Wrap the dough in plastic wrap and refrigerate for at least 1 hour.

Preheat the oven to 180°C (350°F). Roll out the dough on a floured work surface to a thickness of 5mm. Cut out circles with the large cutter to make the heads. Cut out smaller circles for the ears (2 per head). Arrange the large shapes on a baking sheet lined with parchment paper, making sure to space them 3-4 cm apart as they will spread slightly. Gently glue the small ears to each side of the heads, lightly moistening the contact areas.

Bake for 12-15 minutes, until the edges are lightly golden. Leave to cool for 5 minutes on the baking sheet before transferring to a wire rack.

MICKEY'S MAGICAL PIZZA

Here's another (top secret) recipe for you! This time from the kitchen of *Pizzeria Bella Notte* in Fantasyland®.

Ingredients for the pizza dough:

500g type 00 flour (or bread flour)
325ml lukewarm water
7g active dry yeast
1 tablespoon sugar
2 tablespoons olive oil
1 teaspoon salt

For the topping:

200ml tomato pizza sauce
300g grated mozzarella cheese
100g sliced pepperoni
1 tablespoon dried oregano
1 teaspoon dried basil
Olive oil for brushing

Instructions:

In a large bowl, combine the lukewarm water, sugar and yeast. Let stand for 5 minutes until foamy. Add the flour, olive oil and salt. Mix until a smooth dough forms. Knead the dough on a floured surface for 8-10 minutes until smooth and elastic. Place the dough in an oiled bowl, cover with a damp cloth and let rise for 1 hour in a warm place.

Preheat your oven to 240°C (465°F). Divide the dough into 3 portions: one large portion (about 60% of the dough) for the head, and two smaller equal portions (20% each) for the ears. Roll out the large portion into a circle about 25cm in diameter for the main head. Roll out the two smaller portions into circles about 12cm in diameter for the ears. Place the two ears on top of the large head, overlapping them slightly so they stick well.

Transfer the Mickey head pizza to a large, oiled baking sheet. Spread the tomato sauce evenly over the entire surface, leaving a 2cm border. Sprinkle generously with shredded mozzarella cheese. Top with pepperoni slices, dried oregano and basil and brush the edges of the dough with olive oil.

Bake for 12-15 minutes, until the crust is golden brown and crispy and the cheese is melted.
